

## BOGDAN'S ARREST NOW DEMANDED

Roman Catholic Austrians Accuse  
Greek Church Man.

## WARRANT IS DENIED THEM

OFFICERS CLOSELY WATCHING  
SITUATION AT BINGHAM.

Religious strife is still raging among the Austrian members of the Greek and Roman Catholic churches at Bingham Junction. Demands were made yesterday by Assistant County Attorney Willard Hanson by Roman Catholic friends of the three persons arrested Tuesday for a warrant charging John Bogdan of the Greek church with the murder of Tony Starcevic. They maintain that they have two witnesses who saw Bogdan shoot Starcevic. They also maintain that the witness stand to testify. The warrant was refused them because Mr. Hanson was not present. The officers, and even if he did shoot Starcevic, it was done in self defense. He stated further that no evidence was brought out in the trial shortly after the murder was committed that Bogdan was there at the time Starcevic was killed.

The situation at Bingham Junction is such that Bogdan, who is an intended victim of the vendetta, believes that he takes his life in his hand the moment he ventures away from his house. Because Bogdan is a Greek, he is being watched by the county officers, and had Joseph, Monruran, Rukavina and Mito Starcevic arrested, he has made his friends more nervous. The officers are looking for another outbreak at any moment and are watching the movements of the Austrians closely.

The three Austrians in custody at the jail yesterday were not very friendly and it is not likely that they will give a hearing until next week. It is possible that other arrests will follow if the friends of the three Austrians create disturbances.

## COMMITTEE TO TAKE HAND.

Will Visit Brigham Street and Will  
Then Inquire Into Trouble Be-  
tween Wall and Riter.

The members of the streets committee of the council will assemble at Sixth and Brigham street at 2 p. m. tomorrow to inspect the grading and paving work done on Brigham street. When this is done they will meet in a room in the vicinity of the city engineer's office to discuss the matter. The committee will then go to the building where they will inquire into the trouble between George W. Riter and Colonel Wall. Mr. Riter has accused Colonel Wall of changing the plans sanctioned by the council, and Colonel Wall has charged the city engineer with extravagance and the making of grades not called for by the plans. Both parties are preparing for a coming contest, and it is expected to be highly interesting.

It was decided by the committee on police and prisons last night to recommend that the yards at the city prison be fenced and fire stations be paved with asphalt.

## YOU SHOULD KNOW.

An item of news appeared yesterday in one of our papers. It was a report of a chemist's report of his analysis of ice cream supplied by City Food Inspector Myers, wherein he states that he found but one sample absolutely pure.

We supplied the sample that carried the highest percentage of butter fat and was absolutely free from either starch or gelatin. Our cream will always stand the test.

## NOTE TO REMOVE ROCK CRUSHER

Councilmen Take Action For Beautifying City Creek Canyon.

## MONEY COMING FOR DRIVE

BUT MUNICIPAL OFFICERS ARE  
SLOW IN ACTION.

The joint streets and public grounds committee of the council last night agreed to recommend that the leases for gravel pits in City Creek canyon be terminated, and that the rock crushers and other obstructions in the canyon be removed. The lessees of the gravel pits and the owners of the rock crushers are to be given until April 1 to locate elsewhere. The action was taken at the suggestion of the public improvements committee of the council, which is engaged in raising \$5,000 to defray the cost of constructing the Wasatch drive.

The report of the committee making the recommendations will come before the city council at its meeting next Tuesday night.

Delay on the Drive.  
Citizens are beginning to wonder why the work on the Wasatch drive and the bridge over City Creek is not going forward.

Some time ago the city council appropriated the sum of \$500 for the construction of the bridge over the creek. City Engineer George A. Riter has prepared a preliminary sketch of the bridge, and has this part of the enterprise. The committee on public improvements and the Commercial club some time ago agreed to solicit subscriptions to the fund of \$500 for the bridge. The committee has already secured subscriptions for more than half the amount. They report that they will be no trouble in securing the other half.

## Money From Various Resources.

The two large wagon and machine companies on Sixth street are said to be doing for \$25 each, with the exception of automobiles showing a liberal spirit in the matter, realizing that the city is in a financial straits. One agent was out but a few days and he has secured \$250. This did not include any of those referred to above. The property owners along the city streets are also being asked to contribute. The feeling is general that the city officials should be helped with the improvement without further delay. The city engineer is also being asked to help. The city engineer is also being asked to help. The city engineer is also being asked to help.

May Go Down East Bench.  
In this case connection a proposition to build a new bench on the east side of the city. This plan has not yet taken definite shape. If it is done the regular district of going down the bench drive to Port Douglas will be south past the University and to a point opposite Liberty Park. This would be a great improvement on the park and reaching the house residence part of the city on Sixth East street.

## EVAN STEPHENS HAS WORD

SALT LAKE HAS THE ONLY  
"MORMON TABERNACLE CHOIR."

Considerable feeling has been aroused among members of the Salt Lake tabernacle choir, which claims the exclusive right to the name "Mormon tabernacle choir," by the persistent reports in the dispatches and otherwise that it is the "Mormon tabernacle choir" that is to go to Portland next month to sing the irrigation ode at the irrigation congress and to sing at the exposition Utah day. It is the opinion of the choir that it is the right to the name of "Mormon tabernacle choir" and that they have given that name a national standing. They went to the World's fair at Chicago and sang in the cities along the way. They have three trips to California and have sung to hundreds of thousands of tourists in this city. They do not now consider it right for any other organization to travel under their hard-earned reputation.

Evans Stephens Speaks Plainly.  
Evan Stephens, the leader of the Salt Lake organization, said last evening:

"The committee on the Salt Lake choir's going to Portland at the 'Mormon tabernacle choir.' We have earned the right to that title having sung at the exposition at Portland. We have made it known to the public that we are the 'Mormon tabernacle choir' and that they have given that name a national standing. They went to the World's fair at Chicago and sang in the cities along the way. They have three trips to California and have sung to hundreds of thousands of tourists in this city. They do not now consider it right for any other organization to travel under their hard-earned reputation."
